Part II: Selection Criteria – CULTURE OF SAFETY AWARD

*A complete response is required for each of the 4 selection criteria identified below. Please be clear and concise, **limiting your responses to two pages for each criterion**. The judging panel will rely on this information in determining how well the company (companies) meets the award criteria. The judges may verify or seek clarification regarding the information or data used to explain or support each criterion. **(Any additional materials submitted will be used for illustrative purposes only, and will not be used for judging.)***

Institutionalization

Describe the Culture of Safety model or system used by the organization which has enabled it to achieve its remarkable success. Describe the investment in time, people, money and equipment (if applicable) that is directly responsible for the success. Identify the person, process or implementation technique used to immerse the organization into a culture of safety.

Achievement

Describe how the entry is a significant safety achievement, rather than simply recognition of a company “doing its job”. Describe in detail, by one or more examples, how your “Culture of Safety” model or system has **prevented injury**.

Documentation

Provide **5 or more years** of data to support the organization’s outstanding safety performance. The documentation submitted must be presented in a format that meets acceptable interpretative standards to relate such data, such as **EHS Performance and TRIR statistics, OSHA reports, near-miss data, stop work actions, etc.**

Industry Adaptability

The company (companies) safety culture should be an inspiration or example to the entire industry. Please explain the steps taken or elements of this model that could be **adoptable** by other companies or **useful** to a wide segment of the industry.

Please mail **5 hard copies** of your entry **by Friday, February 8, 2019** to:

The National Ocean Industries Association
ATTN: Safety in Seas
